DRESSED TO KILL

Casual, dressy and unique styles were the fashion in 1986. Trends included jumbo shirts, stretchy leggings, flowered and paisley prints. Skirts, print pants, faded jeans (intentionally torn at the knee) also were the look. Layers, designs, patterns, shapes and textures were all effective in creating a "look".

Hair also took many directions. It could be worn in any style for the result desired. Ingredients for these hair styles consisted of anything from mousse or gel to egg whites or geletin (unflavored).

Accessories added the finishing touches to all combinations. Bold jewelry, sparkly, bright and colorful were popular. Shoes helped to complete outfits with new designs and colors.

1. Amy Albert, Kirk Lowe, Tiffany Azevedo, Rodney Bogue, Katie Marron casual and rolled at the legs. 2. Wendy Urushima shows her together "look". 3. Troy Moss shows off his 49er hat and GUCCI sweatshirt. 4. A creative chic for 1986. 5. Alicia Palmer, Tonya Horton, Chenoa Maxwell, Shelley Clarke, Dena Ferreir-a, show their flair. 6. Pick your favorite couple? a.) Julie Hudson, Ernesto Sexton, b.) Alicia Palmer, Tonya Horton, c.) Chenoa Maxwell, Darrius Shuemake, Dena Ferreira, d.) Jeff Gurule, Thomas King, e.) Tiffany Azevedo, Kirk Lowe, f.) Kim Perez, Darrius Shuemake. 7. Accessories add to Gina Covington's outfit. 8. Jess Tiffany keeps his hair spray in his brief case! Really! 9. What time would you like? 10. and 11. This is a good place for a stick-up.

TROND BERGE - NORWAY

I really enjoy being here in America. The weather is a lot warmer here. In Norway, you have to always wear sweaters. I've been studying English for eight years. I wanted to visit America and its beaches. Tests here in America are easier but you are on your own to do the best you can in Norway. Teachers don't help you much there. In Norway, I usually go to movies with friends and I'm also involved in politics. Guess what my favorite subject here is? Yes, U.S. Government.

JANNETTE BRINKSMA - HOLLAND

I came to America because it sounded interesting and plus my brother was an exchange student. The weather is too warm here. It's really hard for me here because of the English. I can't hardly understand it. I graduated last year, but I decided to come to America for a year. In Holland, I'm involved in a Youth Group. We do a lot together. I miss my parents very much. I really like the people here, they're very considerate.

SIBYLLE HOEHNK - GERMANY

Here in California, I thought it would be sunny all the time. There's a very friendly atmosphere here. The classes here are easier. In Germany, we're more advanced. We have certain fixed class rooms until 10th grade. Our school has three and four floors in one building-not divided into subjects. In my spare time I play the violin and piano. I really like it here in America, but I do miss home though.

OUR FOREIGN EXCHANGE

STEFANO VERONESI - ITALY

I like everything about America. In Italy we go to school from 8:05 to 1:15. We have four periods a day. Each class lasts 1:45 minutes with 2 breaks. Then we go to school on Saturdays too. The classes are easy here and the people are friendly. We have no such thing as yearbooks in Italy. I like to work with computers in my spare time. Ciao!

JUAN ROMERO - SPAIN

The weather here is really nice. I came to America to learn English and know the people. My classes in Spain are harder than here, but in Spain you don't have to go to classes if you don't want to. In Spain, you have to be 15 years old to get your drivers license and take private lessons. In my spare time I go to friends houses. Yes, I miss home.

ERIC RAVESTIJN - HOLLAND

I really like the sun here. In Holland it is mostly cold and not much land for the amount of people there. In Holland I go to school all year from 8:15 to 5:00, then I still have to do homework. So I won't have much time for anything else, but I do play basketball. The classes here are easier. Schools are faster in Holland. The better grades you have, the higher the school. I think Hayward High is great.

JOAQUIN GUDINO - MEXICO

It's very clean here in California. The people here are friendly and respectful. There are a lot of pretty girls and places to visit. I came to California to study English and computers. The classes here are easy compared to home. I'm on the Varsity football team for H.H.S. I graduate in two or three years.

Special People

Kona rears and shows off her stuff.

Billy Pender displays his drawing of a "69" Mustang Convertible.

Drawing has become a way of life for Junior Billy Pender, he draws on a regular basis and says "I can't get enough". He is going to continue his education at The California School of arts where he wishes to study graphic art.

Barrel Racing??? Is it a sport? Well kind of..! On horseback! Laura Palatino has been in competition four years perfecting her skills with her horse Kona. Barrel racing involves guiding your horse at high speed around a clover leaf pattern of barrels. Along with the fun of the sport Laura intends to do well in the High School Rodeo Competition.

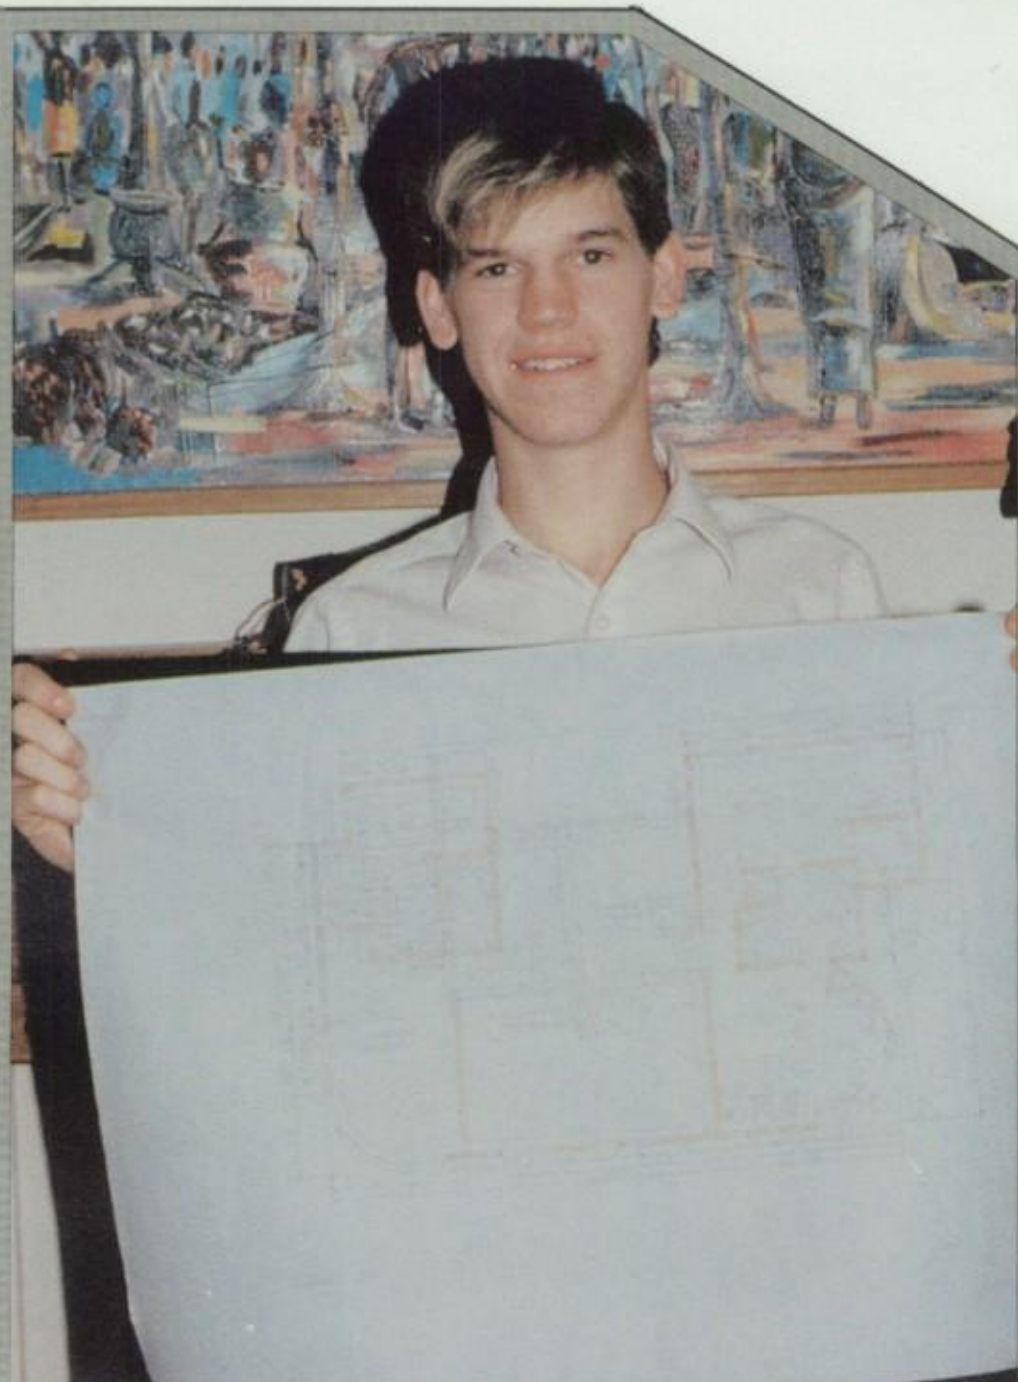

Traditional Indian dancing is the most important part of Kiran Goel's life next to school. Since she began at the age of 7, Kiran has become so proficient at her art that she now choreographs her own dance dramas. She also performs on a regular basis in the Indian Community. Eventually, Kiran plans to teach her own dance class some day.

Handbells are one interest of Carolee Blake. She is in a group of 13 and they perform occasionally in front of church congregations as part of the services. She has been playing now for three months and is learning fast. Handbells were introduced to her at the Redwood Chapel Youth Group and she says "I really like it a lot".

Robert Paton's big future plans are to major in architecture when in college. He has been studying architecture now for two years, learning from a licensed architect in Marin County.

Laura Palatino practices pole bending with Kona.

Kiran Goel demonstrates her indian heritage.

Robert Paton presents his architectural sketch of a house.

Honorable Mentions were: Andy Nevin, Quarterback, Mark Sommer, Defensive Lineman, and Isiah Spearman, Defensive Back.

DON'T DROP IT JOE!!!

The Varsity Football Team started off the season fired with a driving determination to be a winning team. The first three league games were successful in putting the team into a two-way tie for first in the H.A.A.L. San Leandro finally stopped the Farmers with a disappointing 39-0 defeat.

In the following game, the squad was once again filled with enthusiasm as they met San Lorenzo. The team played their hearts out throughout the whole game, but time was not on their side . . . San Lorenzo took the spoils of victory with a final 24-15 score.

Hayward finished with an overall

season record of 6-4 and a 5-2 league record giving them the #2 spot in the H.A.A.L.

Lavell Renfro led the team in carries with 99 for 662 yards and six touchdowns. Isiah Spearman carried the ball 58 times for 237 yards and one touchdown. Tony Roberts carried 27 times for 86 yards and two touchdowns. Joe Desimone caught the ball 40 times for 841 yards and 11 touchdowns. Larry Spotanski caught the ball 6 times for 110 yards and two touchdowns. Quarterback Andy Nevin completed 103 passes for 1,460 yards and 16 touchdowns.

Outstanding plays were turned in by Lavell Renfro for an 84 yard TD run against San Lorenzo and a 60 yard TD run against California, as well as a 55 yard TD pass from Andy Nevin to Roger Casci in the Arroyo game. A 29 yard TD pass from Nevin to Larry Spotanski, also in the Arroyo game was another outstanding moment. Joe Desimone caught two TD passes from Andy Nevin in the game against JFK, one for 44 yards and the other for 33 yards.

After losing the first game of the season, most students thought that it was going to be one of THOSE years. After winning the second two games, most students started changing their minds. When the team won their third game, the underclassmen were ecstatic. Game four resulted in a tie while game number five was won with ease. Not until the last game of the season did the "junior" Farmers lose. They finished the season with a 4-2-1 record.

Many Frosh-Soph players are planning on playing next year. Many will play Frosh-Soph again while the remaining players will move up to varsity.

COUNTRY

Crosscountry is not only running in meets every Thursday afternoon. It takes dedication to run agonizing hours in practice after school. This year's crosscountry team started out slowly running incomplete in their first two meets. They finished off the season at 2-5. In the H.A.A.L. league meet held here at Hayward, they placed 3rd qualifying for the North Coast Sectionals where they placed 10th.

The class presidents join the student body officers and student senators to form the Hayward High School Executive Council and Student Senate. This group plans Downtown Rally, Spirit Day, Hayday, Senior Pizza Night, and approves requests from school groups and organizations for the calendar. They are also responsible for running school elections.

Through a lot of hard work, they pull the school events together. Meetings are held weekly during lunch to organize ideas and implement them. These students have contributed a great deal of time and effort to the school.

They deserve a hand.

LEATTA DAVIS TOMPKINS: It's finally over, I can't believe it. Thank you, Wesley, Mom, and Dad. I love you. My High School years have been the Best!!

JESS TIFFANY: Thank God! I knew you'd pull it off! Be cool to Mr. Vollick or I'll kill you. Let's hear it for the Hanoi Rocks. Kim and Marilyn, you're great lovers!

CAROLYN TODD: To all my homies stay cool and good luck in the future and I hope the best for you. I also hope your life will be successful.

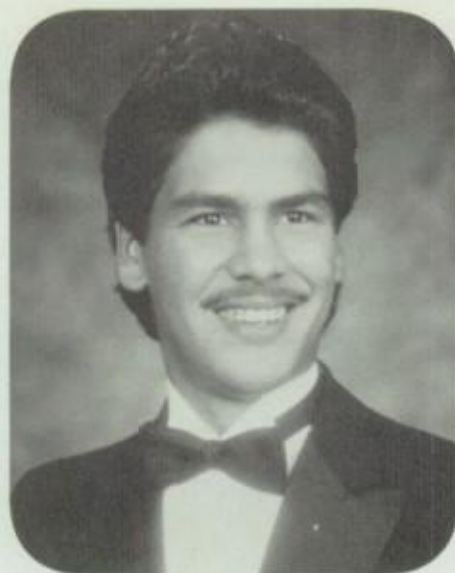

WENDY URUSHIMA: "Life is such a short time to waste. Learn as if you were to live forever. Live as if you were to die tomorrow". Oh! Don't forget the rally at lunch!

MARA VON KUMMER: Paula, Deb, Sal, and Nat, What can I say? You guys have made it a blast. Thanks for being there during the ups and downs. It's only just begun! Let the good times roll! Ciao

HERMAN JOHN WAGNER: To all my friends good luck in the future and thank you Hayward and all my party buddies for four great years.

ERNEST WAKABAYASHI: I really want to thank all the great people who made my years at Hayward so enjoyable and taught me so much. Good Luck Class of '86!

DENISE WARD: To Mom, Dad, and Stephen: It hasn't always been easy. Thanks, I love you. To all my friends: You've made these four years ones to cherish. I love you all!

GARBAGE CAN BLUES

by

MARK SOMMER

Used paper towels, empty catsup bottles, tin cans with creamed corn congealed around the edges;

Life's tough being a garbage can.

Waxy Q-tips, left-over spaghetti, snotty kleenex, and half-empty cans of Friskies egg and tuna supreme;

Oh, help! I got the garbage can blues.

I dream of my sides being lined with newspapers and hefty trash bags, and of garbagemen with gentle hands;

Yeah, I got the garbage can blues.

Life's tough, but it could've been worse, I could've been an exhaust pipe . . .

ERIC KNUDSEN

On the eve of my life
I sit in this place
High, vaulted dreams and ceilings
Tower above me
And cold, real iron bars
Surround me.

A bus passes through
Preceded and followed
By the world's whistling wind
Packed to the roof
With people going somewhere, everywhere,
nowhere.

And I
Watch the white smoke snake
Slither away
From the cigarette in the gutter
And wait for the water from the street
To come and wash it into the past.

REFLECTIONS

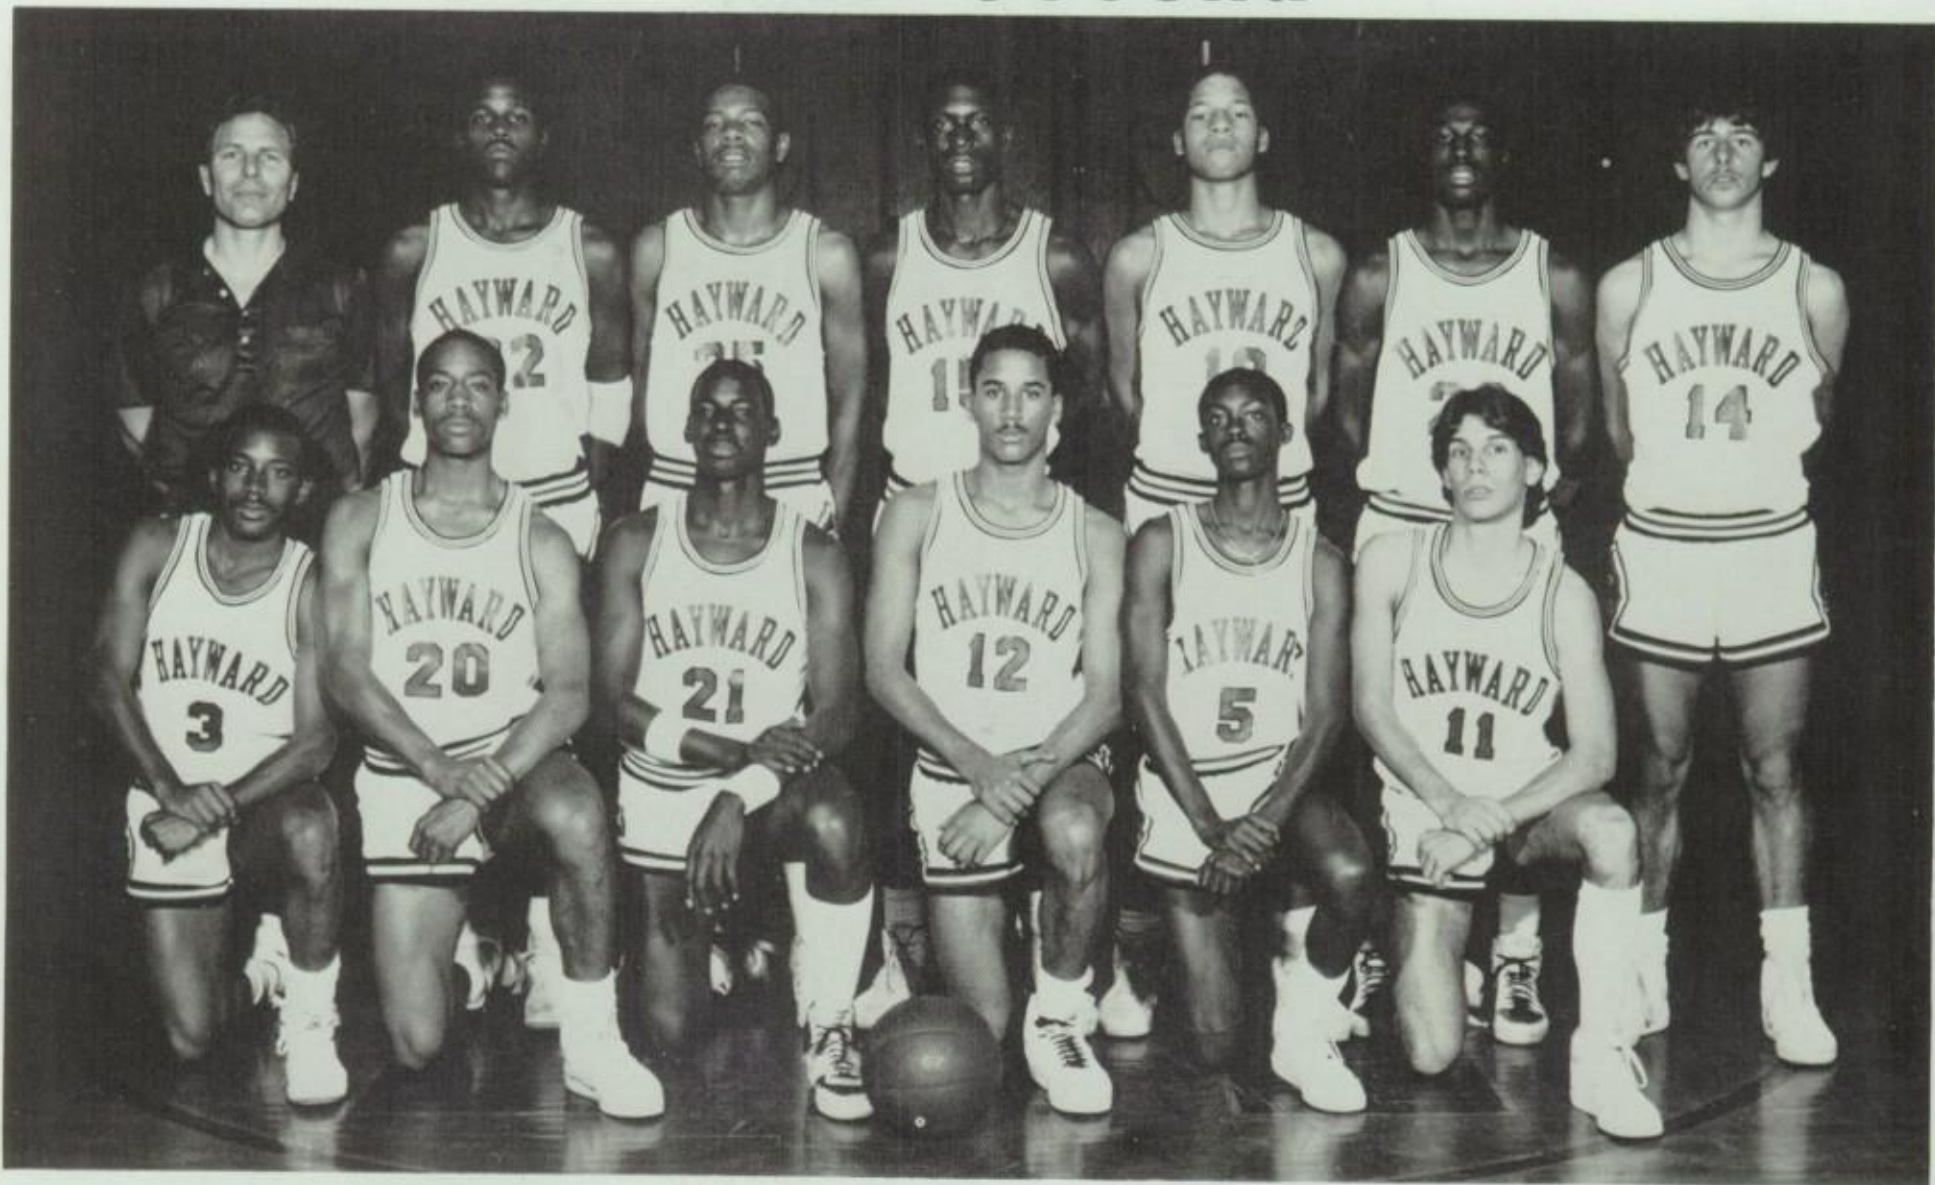

by

MONICA QUOCK

Time past,
Not Forgotton.
Cherished long,
In people's hearts.
A treasured moment
Precious still.
A grateful smile
Long remembered.
Prices paid -
And lessons learned.
Questions asked -
And reasons given.
A happy memory,
A mirrored image;
Look deep -
And you will find,
Caught in my eyes,
A million reflections.
Each one is treasured
Forever in my heart.

The Boy's Varsity Basketball Team had a season that is nothing to be ashamed of! The result was an exciting and successful season.

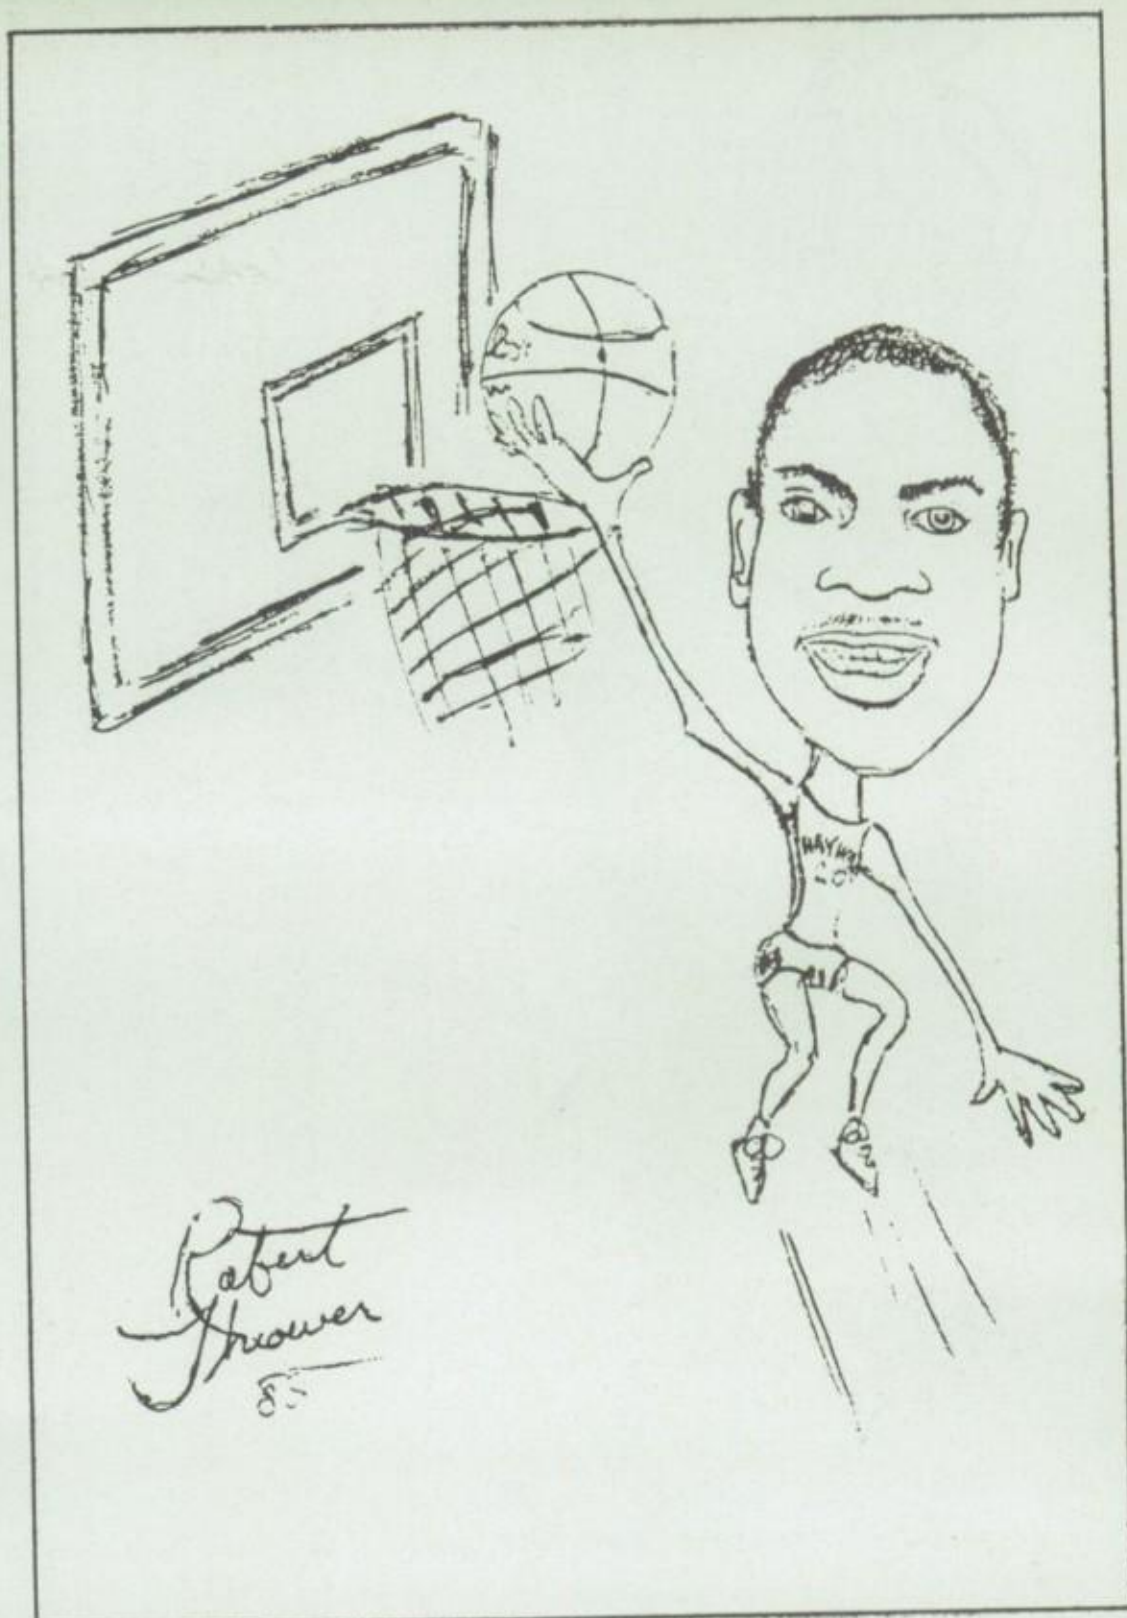

With a great amount of talent, the team got off to a fine start with a 7-5 record going into league. After the first round of league play, the farmers were in second place with a 5-2 record. The team had tough losses against both Sunset and Mt. Eden, while they demolished San Lorenzo and Tennyson.

The team's season record got them into the playoffs. They won their first playoff game against Castro Valley raising their spirits only to have them deminished in a blow-out by Mt. Eden, the league champs.

JV Basketball

The boy's J.V. Basketball team finished second in the H.A.A.L. league with a 12-2 record. Larry McCain served as the team captain while Mr. Davis coached the team.

The team played many exciting games this year, including thrilling victories over San Leandro, Castro Valley, and many other schools.

The Womens' basketball team played very well this year placing fourth in the H.A.A.L. league. The team had a good season with a record 8-6. Hayward has many talented players on its team, even though most of them will be graduating this year. Hayward H.S. will have many more promising players for the team next year.

Lars Larsen fakes out an Arroyo player.

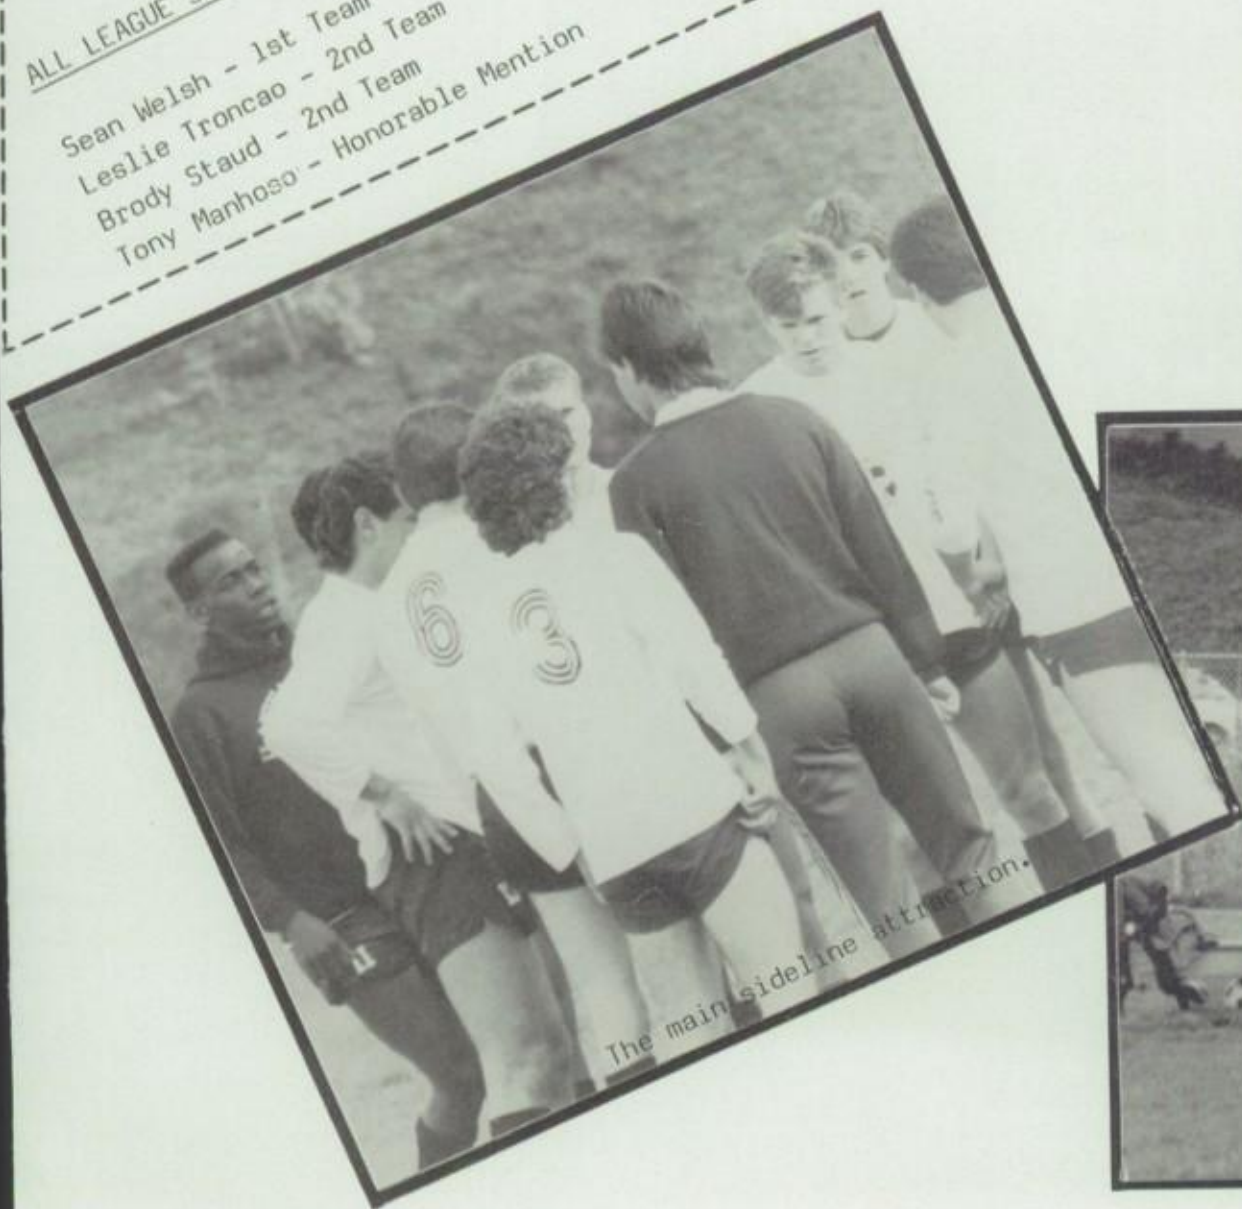

Led by team captains Sean Welsh and Roger Casci, the Boys Varsity Soccer Team faced their greatest competition from Arroyo and Castro Valley. Although they didn't make the play-offs, boys soccer had a strong season. Ending with a final record of 4-4-6, they only missed the play-offs by one win. The extremely high number of ties proves Hayward is just as good as its competition. Hayward is now looking toward the 1986-87 season as the upcoming Juniors have proved to be very strong!

Get that ball, Roger!

The Girls' soccer team started out the season with a new coach. It was hard for the team to adjust, but, in the end it turned out well.

With only one senior, Captain Janeen Cheung, the team lacked experience. This could be the reason for barely missing the play-offs.

They finished the season with a record of 6 wins, 7 losses and one tie. Led by Faye Wong, Hayward is looking forward to next year when the underclassmen have gained the skill and experience to make the play-offs.

BOY'S J.V. SOCCER

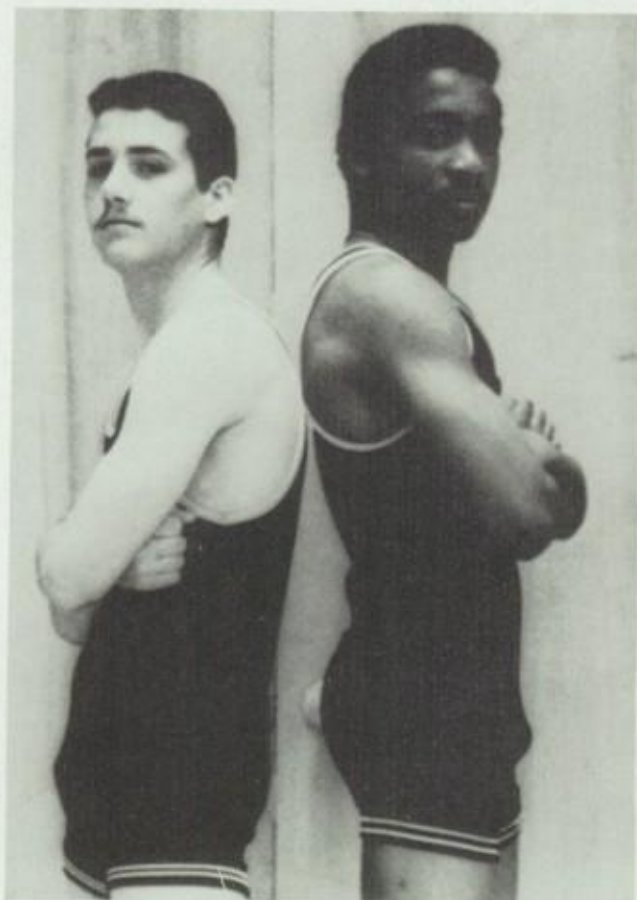

J.V. Soccer team takes a jog before their game.

The J.V. men's soccer team began the year on a poor note. The team had difficulty putting the ball in the net. Finally all the players were healthy and present, on the field things started to come together. Tying against Mt. Eden twice and Tennyson once, the only win was the forfeit from Sunset.

Hayward ended the season with 1 win, 3 ties, and 3 losses.

Paul Truex said "This season we played better because the whole team played together."

The 1985-86 Wrestling Team Captains

The Men's Varsity Wrestling team season was a disappointing one. Although the team finished last in league, it showed good potential for next year. Junior team captain Kenny Patrick stated "We had a very young team this year. With only three seniors leaving our outlook for next year seems promising". Senior, team captain Doug Muniz also stated "We have always had a lack of support from students and faculty, and I would like for something to be done about this". Only three wrestlers placed in league this year, Doug Muniz placed third, Kenny Patrick took second, and Paul Flores took a strong first place. These same three wrestlers, better known as the "usual three", also went to N.C.S. in Sonoma. Only one of the "usual three" placed, Kenny Patrick, who took 5th place. With returning lettermen like Kenny Patrick, Jon Lee, and Glen Silver, the team looks very promising, watch out in '87!

RETURNING J.V. WRESTLERS

The J.V. wrestlers were a rather small group of guys in '86. The team consisted of only 4 wrestlers. As Coach Cliff Olsen said, "They learned a lot from this season, they all wrestled quite well and I am looking forward to coaching them again next year". Most of this year's J.V. wrestlers will more than likely move up to varsity next year and according to Coach Olsen, the out looks for next year is quite promising.

The turn out for this years 8th grade wrestlers was the highest one since the sport was offered to 8th graders. The young grapplers seem to be taking a high interest in the sport which is excellent since the wrestlers of today are the champions of tomorrow. So watch for them in the years to come.

School Closure

Robert Briant, Kellie Vasen, Marcie Hampton, and Malyssa McCord give their opinion on school closure.

Many important people discuss the topic of school closure.

On October 8, a school board meeting was held at H.H.S. on the subject of school closure. It was proposed to close one high school and two elementary schools in order to open six middle schools. This meeting, along with other meetings at the High Schools, in the district, were held in order to receive community input as to why their school should remain open.

Many parents, students, teachers and concerned members of the community attended to support Hayward High. Many of these people expressed their views and opinions. We wish to thank them for their support.

Recently the board met at Mt. Eden and expressed new possibilities to fund the Middle Schools. They met again in December and decided to open four Junior High Schools for 7th and 8th grades.

Shontell Willingham explains her point of view on school closure.

Kamil Hussain daringly participates in the Smoke-out Rally.

Lunchtime Rallies

Wendy Urushima and Julie Bender show their spirit at the Garbage Rally.

Gary Wong, where did you get your designer vest?

The Three Stooges have fun at the Smoke-out Rally.

Rallies are held at lunch time to unite the students in a cause or in spirit. This year two important rallies were held in November. The smoke out Rally was held on National Smoke out day to help encourage students to quit. The Garbage Rally was held to begin the Farmers Garbage Harvest campaign to stop litter, they ended with good results.

Back to School Night

"I don't care if you're a parent. . . you're MY student now!", says Mr. Kukus.

"We weren't doing anything!" (Sure!) Michael Pereira and Mette Kurth.

Srta. Jimenez asks, "Who wants some chicle?"

Robert Paton explains how Back-to-School Night is the social event of the year.

Can you spot the eight grader?

SPIRIT DAY '86

The Senior Society Ball has a successful turnout this year.

Junior Sweethearts check out the competition.

Freshman Song burst out of the dream zone.

Tradition continued with Spirit Day on Feb. 14, 1986. From the elegant Seniors in their material world to the 8th graders, ready to take on the world, the gym was filled with original decorations, costumes, yells, and song routines. But most of all everyone had SPIRIT!

The "Senior Society" impressed everyone with their elegance and finesse, while the romantic "Junior Sweethearts" reminded us all what day it was. The "Sophomore Sophisticates" showed us all their worldliness, as the "Freshman Dream Team" took us deep into the dream zone. Last, but not least, the 8th graders proved to us they were "Ready for the World."

Overall, Spirit Day was a great success, as always!

Sophomores show their sophistication while "T.P.ing" the gym.

The Eighth Graders are amazed when it starts snowing in the gym.

The ungraceful pair - Ken Kolm and Brenda Hart.

resto, you're 93!" - Monica Pereda, make-up consultant.

UTBU ?? The unfamiliar abbreviation stands for "Unhealthy to be Unpleasant", the title of the hilarious fall play. UTBU, an organization in New York, is charitably ridding the world of its undesirable citizens by giving them gift-wrapped bombs. Their new target is a pompous mother-abuser who severely mistreats his 94 year old mother. Well-attended by students, and extremely off-beat, this explosive comedy supplied a laugh a minute.

Beside cheering at games, holding noon time rallies, painting numerous posters, and making players feel special, the varsity cheering squads participated in competitions at the NCA cheer-leading camps and at the Omega Rally. The Spirit Stick, superior cheerleading and songleading awards and the Omega pre-kick-off Rally awards were all brought back and placed in the trophy case. The student body often forgets the effort put into cheer-leading. Remember, they practice long hard hours to bring spirit to YOU!!!!

1985-86 J.V. Spirit

"Spirited" is the best word to describe the 1985-86 spirit squads. The J.V. Song and Cheer are united as one. Their spirit and energy has brought them great success. Cheering at games, rallies, or competitions, the J.V. Squads always had the crowd cheering and smiling.

Being a member of Hayward High's Junior Varsity song or cheer squads is an honor and a commitment to the ideals of wholesome youth, pride, loyalty and achievement. Members of our J.V. spirit squads accept the responsibility of representing H.H.S. in and out of uniform and on and off campus. The J.V. spirit squad members are punctual, alert, cooperative, clear thinking and academic.

As all students know, displaying spirit takes confidence and cooperation which is just what the spirit girls have!

Symphonic Band

Concert Band

The Hayward High School Marching Band has attended many fun-filled activities this year. They attended these activities in their brand new marching uniforms purchased for the school by the district.

They attended such activities as Cal Band Day, at the University of California in Berkeley, The Shrine East-West Game, at Stanford University, and all the home football games. Despite inexperienced marchers the band was still successful!

The Jazz Band participated in many things this year. At Chabot College, they attended the CMEA Jazz Band Festival. "We did very well and it was a lot of fun," commented David Gile, lead trombone player. They played at all of the school's concerts and livened up the place. The Jazz Band also went to Reno for competition to show off their outstanding talent. They've worked hard all year and their sound proves it.

String Along With Me

Despite their small size, the orchestra has a big sound. They play highly respected music by some of the world's most famous composers. They played very well at the Winter Concert and the Spring Concert. They played an important role in the school district's Orchestra Festival. This was held on April 29 and they sounded very professional.

Good things come in small packages, and this year's Choral Aires prove that good sound may come from a small group. Conducted by Jacque Blake, this select singing group of eight people meets after school to rehearse. New tuxedos and talented voices make the Choral Aires an entertaining and exciting group to watch. They perform at the Winter and Spring concerts plus regularly at out of school events.

FIFTH ROW: Ken Kramer, Eric Ranelletti, John Collins, Dan Moran. TOP ROW: Jack Maghoney, Ian Epperson, James Johnston, Dan Friesen.

A new addition to the vocal music course list, the Treble Choir is a group for higher voices, thus making this choir composed of all girls. Jacque Blake, the group's conductor was enthusiastic about this choir which will become a class available to treble singers from this year on. First sopranos, second sopranos, and altos make up the harmony for most of treble choir's selections. This girl's choir performs some Christmas pieces seasonally at the Winter Concert and other pieces at the Spring Concert. They sing either accompanied or a cappella.

TREBLE CHOIR

Conductor-of-the-Year, hard at work! !

Class Pianist, Betty Rahmoun

"A Cappella" means unaccompanied singing, and even though this advanced choir class of talented voices is often found singing with a piano, many of the group's pieces are sung without accompaniment.

Conducted by Jacque Blake, the group is very active throughout the year. New tuxedos requires the singers to sell cookies and candles, wash cars, and hold their annual spaghetti dinner in the fall. Besides providing a good performance twice a year at the Winter and Spring concerts, A Cappella Choir does concerts outside of school, either at private dinners or elementary schools. This year, together with the drama department, presented the musical The Boyfriend, a spoof on the "twittering twenties" of England. Many choir students were involved in this production. As the large concert choir of Hayward High, A Cappella Choir rehearses everyday fifth period to perfect new of difficult music.

CHORUS

A new conductor has taken on the chorus class this year. Sue Fenderson brings her teaching skills to this group of sixth period singers in their first year of vocal music. The chorus is included in the Winter Concert and the Spring Concert. Encouragement and experience is given to those students who may later wish to continue singing either in the treble or A Cappella choirs. Chorus is an exposure to vocal music. Individuals who feel that maybe vocal music isn't their career choice or even their part time hobby may still take this course if some interest in singing makes them want to raise their voices in song.

Winter Winds

By Eric Knudsen

The winter winds
blow through the streets
and my memory
they blow the tired leaves
and loves
from the present
into the past

The winter winds
blow cold
and I hide in your arms
I find hope in your arms
and in you
as the leaves
and the past
swirl about me

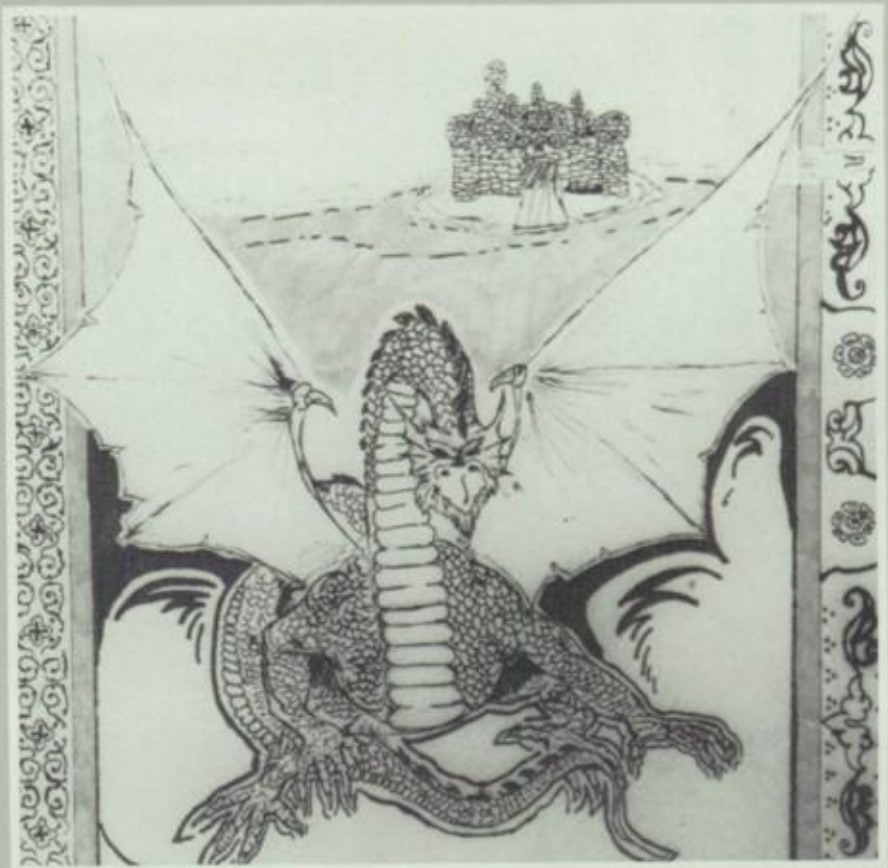

The winter winds
will blow a long time
before my mind is clear
but for now
I am content
with her in my mind
and you in my arms
and the winter winds in my heart.

THE SNOW PRINCESS

by

MONICA QUOCK

Far away
 In a land of glittering ice
 Lives the snow princess.
 Wisps of white icing
 Line her frosty blue dress.
 Delicate snowflakes whirl downward
 A thousand ballerinas
 Pirouetting in the air.
 The snow princess watches
 And with a lift of her exquisite white
 hand
 A blizzard begins.
 All is blinding white and freezing cold
 You cannot see anything!
 But look - she is above it all
 The snow princess sits on a cloud
 And laughs.
 It sounds like shards of icicles shattering
 And falling noiselessly into the snow.
 Is it lonely
 Upon her castles in the air?
 No, it cannot be.
 For look!
 She is playing catch with her dreams
 And telling secrets to the moon.
 Her face light up with a faint ray of
 Sunshine
 A crystal point of starlight is seen in
 her eyes
 For a fleeting moment
 The merest whisper of a smile
 Touched her icy lips
 And was gone.

Former Hayward letterman Ted Muniz, has returned to coach the Varsity baseball team. With support from co-captains Andy Nevin & Sean Siegert, Muniz hopes to make his first season as Varsity coach a good one.

Catcher Steve Bukala says, "we have a young team, but we hope to do well. Watch out for us next year!" The team consisted mainly of former J.V. players, with four returning starters. Seniors Doug Muniz and Andy Nevin; Juniors Steve Bukala and Rodney Loche. With a combination of team effort and unity, they should look forward to a winning season!

The men and women's badminton team has had a slow start to the season with a record of 0-2. Through this they have managed to lose with a stiff upper lip. This may be why they have kept a good attitude. Badminton has been at Hayward High for 4 years now. Greg Shaver, the returning coach, has worked hard with these young players. Hopefully next year they will take the championship.

Even though this young Farmer team has been having trouble in the early season, Jeremy Zinn says, "We look strong for the second half of the season."

Forsman pulls his hair while Rankin receives tackling instructions from Bisenius.

Catch the ball Eddie!!

The words "PRIDE" and "POISE" have always been synonymous with Hayward High Basketball. That is until the spectacle that took place in the gym on March 20th. As a fundraiser for Varsity Baseball, the Hayward "Coaches" were challenged by the Hayward Police Department "Pigs".

The depth of talent exhibited by the "Coaches" was almost indescribable. How can one portray in mere words the shooting "ability" of "Legs" Bisenius (two hands), the tackling of both "Abbott" Clark and "Costello" Rankin (both one-arm and full body tackles), or the great running attack of "Renaldo Nehe-miah" Moffitt. These future Hall of Farmers were ably abetted by the talents of "Twinkle Toes" Webster, "Up Chuck" Kendall, "Terrible Teddy" Muniz, and newcomers Forsman and Castro. In reality, the only "Coach" with any real ability (he WAS the offense) was Charles Hill.

The "pigs" though, had it all together. Led by former Farmer great Ed Muniz and Paul Wallace, the pigs out-shot, out-dribbled, out-ran, and out-defensed an obviously over-matched team of "Coaches".

A consensus was reached that "Coach" Moffitt receive the MVP award for his superb ability to never cross half-court. His excuse . . .? He was awaiting the outlet pass. He waited until the last shot of the game to prove his worth. Coach Hill's pass was accurate but Moffitt's easy bucket turned into an air ball.

In truth, the game was an hilarious spoof by many good sports from the HHS staff and the police department. Everyone, but most of all the audience, loved the show. As Coach Kendall said so eloquently, "We want a rematch; we was robbed."

Young, The Strong, The Determined.....

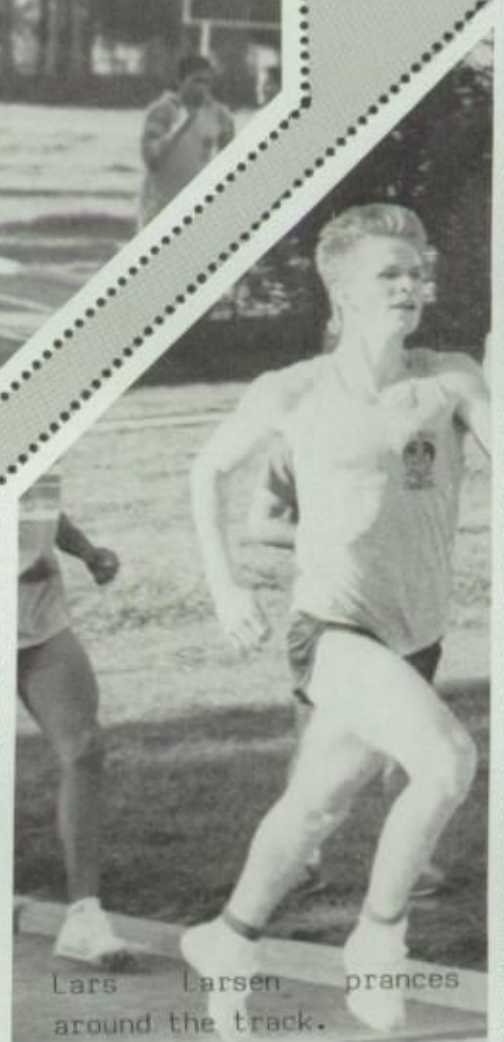

The Track Team

Robert Briant strives to finish.

Isian Spearman Jeff across the finish line.

Lars Larsen prances around the track.

Charlie Murdoch strides like a champ.

Tony Fox leaps with fire in his eyes.

Jeremy throws with determination.

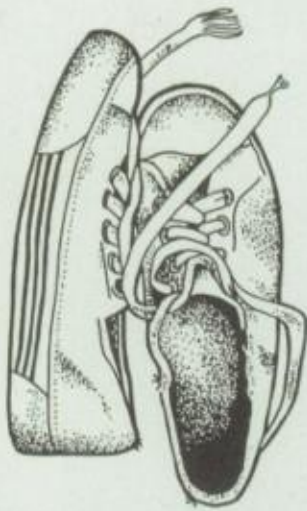

Eric Maltz shows his form.

Despite the few meets that the Boys' Track Team has attended they promise to be successful. The members of the team work very hard by training for over two hours everyday. The team has many talented people on it, striving to win. The team recieves much support from 1st year Coach Ron Davis and his assistant Marilyn Fox.

GIRLS RUN FOR SUCCESS

Go, Kimberly!!!

"Promise" is the word that depicts the Womens' Track Team. Coach Davis is new at the Farm and has good ideas for the team. He also gives them a lot of support. They now have an incentive to win like they never had before.

There are experienced girls on the team, but also a few new faces. They practice two hours every day after school and they work hard at it.

With the new coach and dedicated members, the Womens' Track Team promises to be excellent.

Lynette keeps her eye on the finish line.

Daphne Alexander whistles "Chariots of Fire" for inspiration.

Anne jumps for joy.

... We had two 8th Grade basketball teams, unfortunately this was their last year. Obviously the absence of an 8th Grade class will mean no more spring basketball. Both Coach Forsman (girls) and Coach Spearman (boys) felt that the season started roughly. In the middle of the season, with three games yet to be played, they were both at 0-4. Both coaches were optimistic however, stating, "We have two young teams and as they mature, they will become better players". No matter, the young hoopsters were happy to compete and had a great time.

Vincent Tilles and Daryl Livly sing us a lovely number.

The B.S.U. History Program was a program on black history. On February 20th from 6:00 p.m. to 7:00 p.m., they presented music, food and speakers. Robert Briant, President of B.S.U. spoke at the dinner. There were also two other speakers: Varina Page spoke about black students attending Cal State Hayward during the summer and learning how to apply their skills. Bobby Arnold, a representative for the Rev. Jesse Jackson, spoke about how blacks should get involved in politics. Overall the celebration was a great success.

This is the group that made it all work out.

Mr. Abraham Lincoln

On Dec. 1-7 a once in a lifetime experience happened to 12 students of H.H.S. It wasn't a martian landing but close-up. Close-up is a program set up for students to view their government, face to face. Students not only learn about government but about people from other states; each having different ideas and opinions.

The day begins early with lectures, workshops, sight seeing, and interesting restaurants. Students meet and see important people and exciting places. There is no time for rest and relaxation. So if you are an outgoing person who requires no sleep then Close-up is for you.

Anne Hooi is enchanted by the entertainment.

David Walker, Tiffany Clark, and Stephanie Angelo are amazed at the Air and Space Museum.

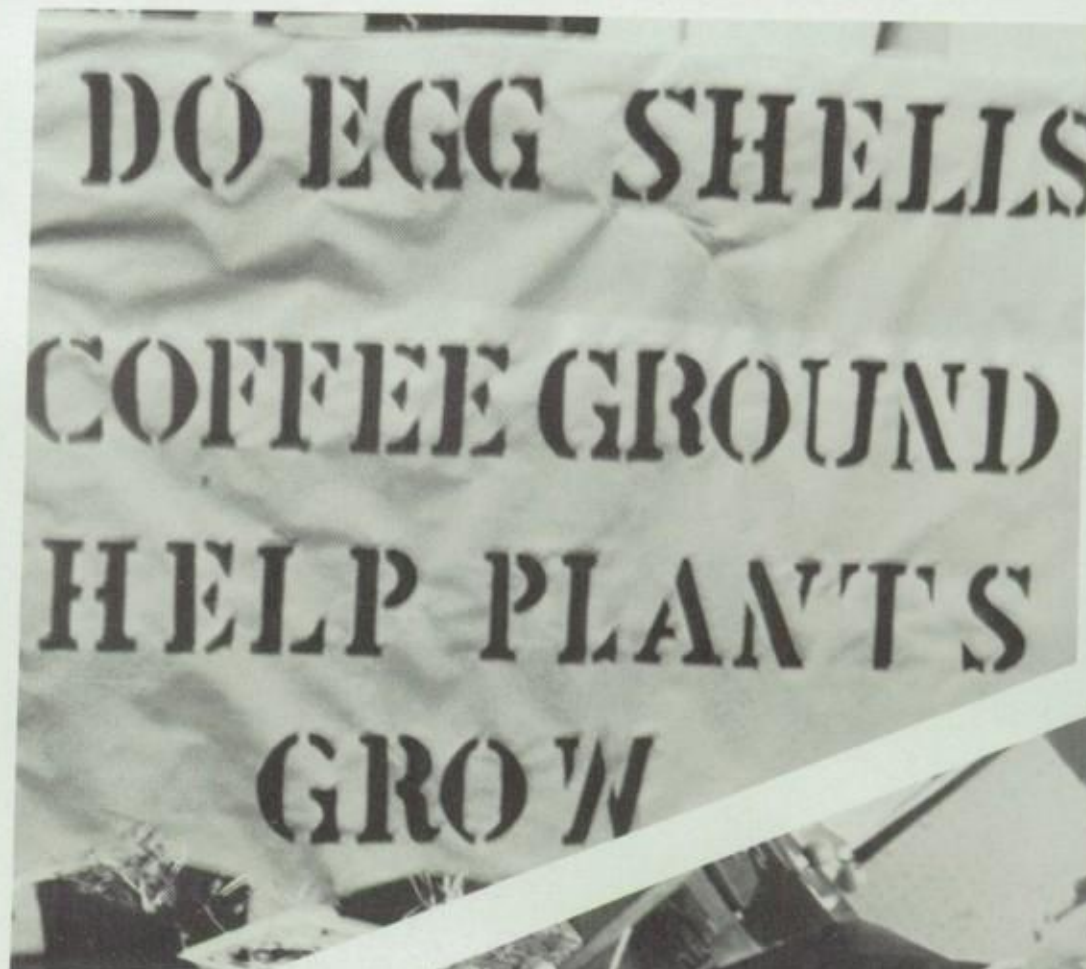

SCIENCE FAIR

Alan Yin chuckles as we take his picture.

H.H.S. students competed against each other at the annual Science Fair held on February 4th. Out of the 150 participants 12 were chosen to exhibit projects in the San Francisco Bay Area Science Fair. These students were competing with nearly 400 students from around the Bay Area.

Nine of these individuals won awards.

Ethan Hawly is very proud of his project.

The C.M.E.A. California Music Educators Association Concert was held Monday, March 3rd. All students in band and choir performed for Hayward High in the cafeteria. Desserts were served and a silent auction was held. The items auctioned were donated by different companies. C.M.E.A. raised up to 1,100 in profits.

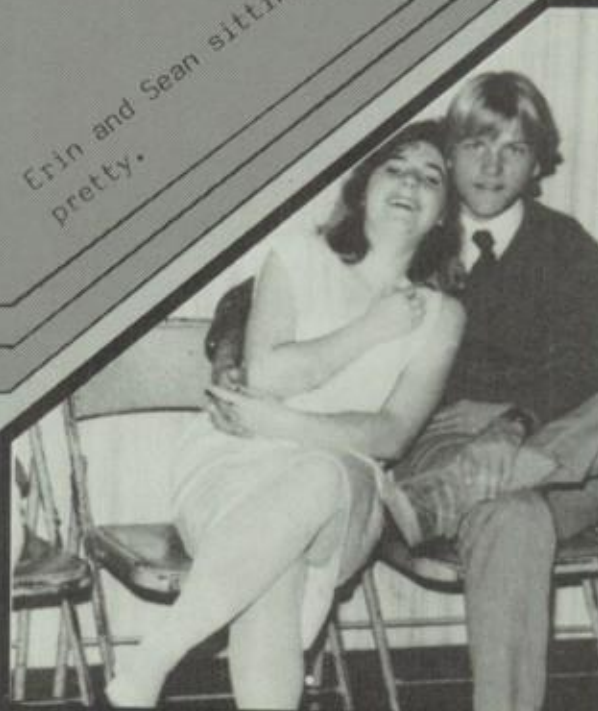

Shawn Aguilar and Jim Moore study the music as they play.

Springtime

Magic

Springtime Magic cast a strange spell on the semi-formal dance. The D.J., J & L Productions had problems with the equipment. Music wasn't played for a total of one hour. Despite the music problem, the turnout was good. The seniors offered refunds but people refused to accept them. To pass the time, everyone socialized and enjoyed the refreshments that were offered. When the music was finally played, everyone danced and had a good time. The second annual semi-formal took place on March 7th from 8 p.m. to 11 p.m.

B.S.U. / C.S.F.

Black Student Union / California Scholarship Federation

The Black Student Union is one of Hayward High's largest and most active clubs. As a fund raiser, they sold candy. The B.S.U. also organized the Christmas Dance and held a black history program. President Robert Briant is hoping to organize a picnic for all clubs in the Hayward School District. From March 21 to March 24 nine people will represent Hayward at a convention in Ontario Riverside.

The 1985-86 German Club

I thought this was German Club, not Ballet.

German Club is the most exciting club in the school.

Don't you dare take my picture! (Melissa Foster)

The German Club has gotten off to a good start this year. In November they sold Advent Calendars, with chocolate inside and in December they went to San Francisco to a German Restaurant and did some window shopping. But that's not all, they raffled off a Gingerbread house and then held a Fasnacht Party. (costume party). A picnic was planned toward the end of the year, anybody could join. So join and have fun.

The French Club has done many things this year like going to French Restaurants and seeing French films in Berkeley. They took a trip to Napa Wineries, they held a French National Banquet in May and they held some pot-luck suppers.

Ski Club

Laura Gonsalves seems to be more interested in the cameraman.

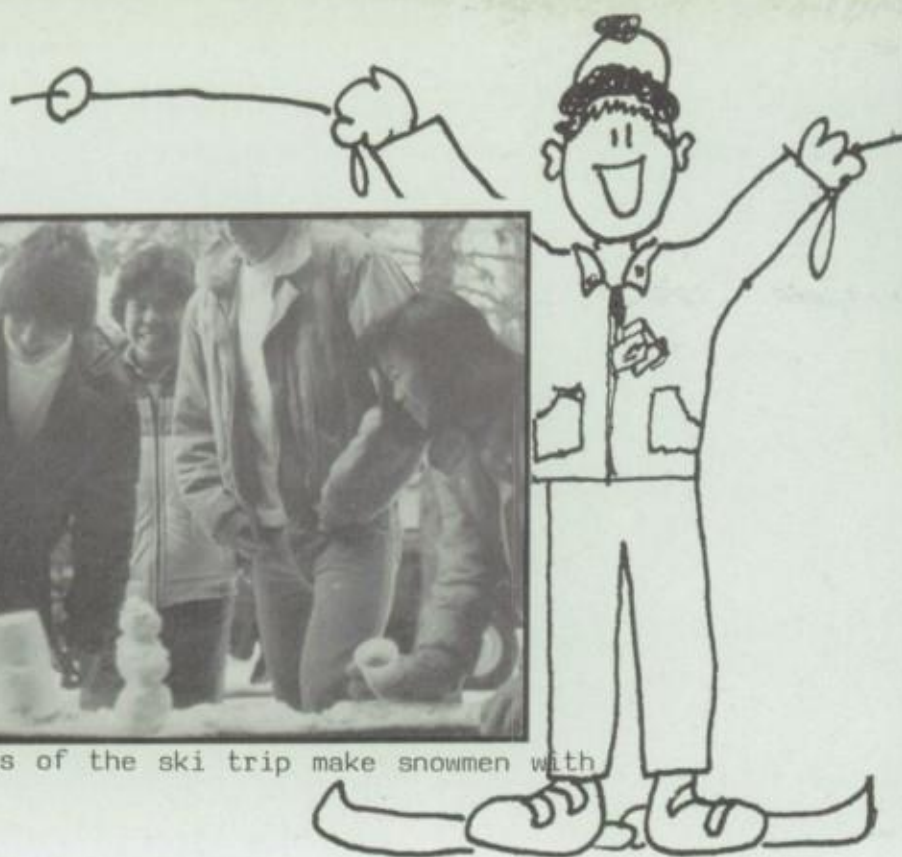

The Ski Club is a non-exclusive group created to make it possible for students to go skiing when they normally wouldn't be able to afford it. There are about 40 active members, but anyone interested in the outings can participate. They sponsor activities to raise money for the ski retreats. This year there were two ski trips. One was at the end of January and many students attended. They spent three days in Heavenly Valley. Everyone that went enjoyed themselves and made many close friends. The other ski trip was in April. They also planned a day at the water slides. Because of this club, the participants have great memories of this year.

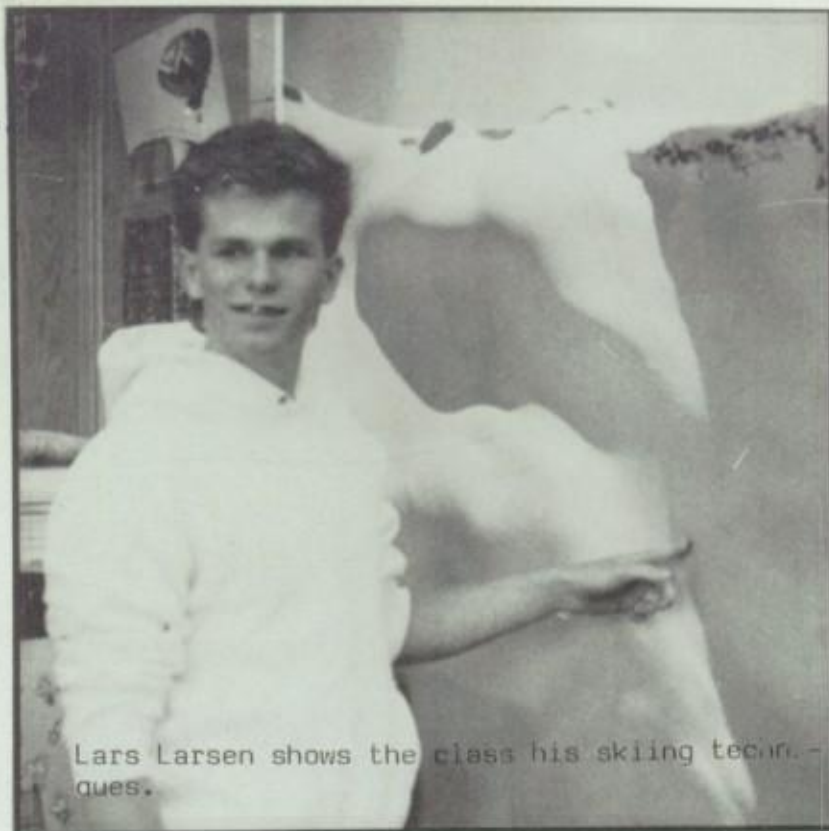

Marguerite Eastwood and Robb Skiinn, Perez are exhausted from a long day of skiing.

Sarah Hallman and Sandra Courtney help with the Ski Club Bake Sale.

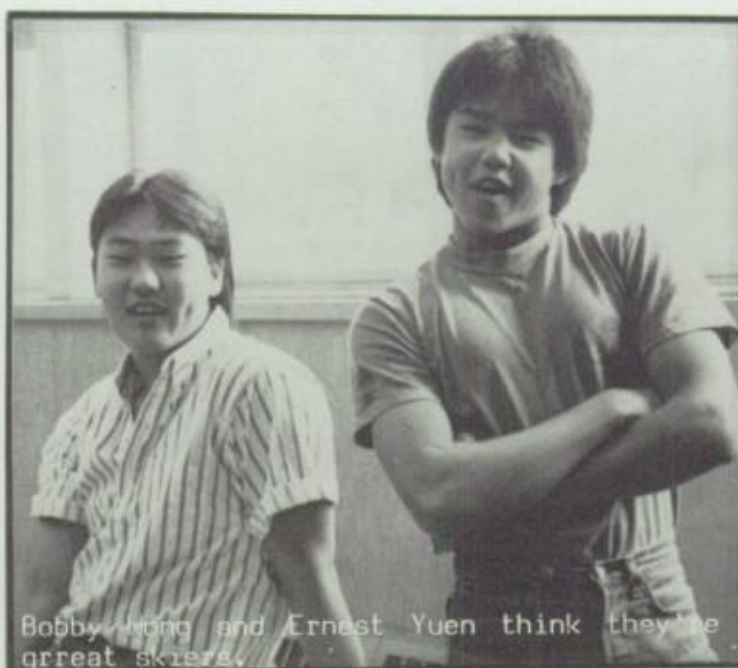

Some participants of the ski trip make snowmen with cups.

Lars Larsen shows the class his skiing techniques.

The Ski Club members enjoy their ride back home.

Bobby Wong and Ernest Yuen think they're great skiers.

Ski Club members have many questions about upcoming trips.

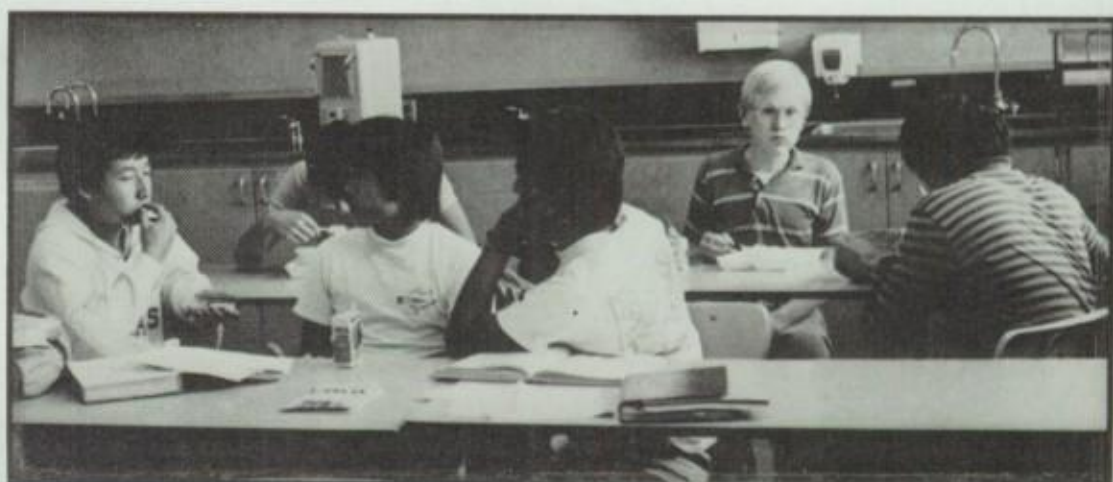

Portuguese Club

The Portuguese Club is a group interested in the Portuguese culture. Each year these students put on a dinner. This cultural event is very successful and the participants enjoy a good time. Mr. Gonzalves is the clubs Advisor.

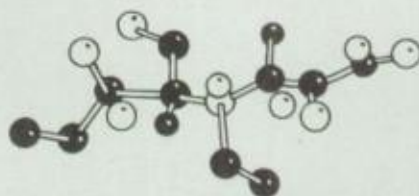

BIOLOGY CLUB

Monica Quock says, "come on don't you know anything."

Biology Club members converse during a meeting.

Ask me! Me!

Study of nature is always second nature to the Biology club led by Mr. Matthewson. The club has taken a field trip to the Steinhart aquarium in San Francisco and Ano Nuevo to see the elephant seals migrate. A trip to Audubon Canyon Ranch was also planned. A bake sale was held to raise money in order to go on educational trips. Biology club is for those who can't get enough of it in class.

Linda Selph advertises a new drink.

Mr. Matthewson says, "I'll drink to that."

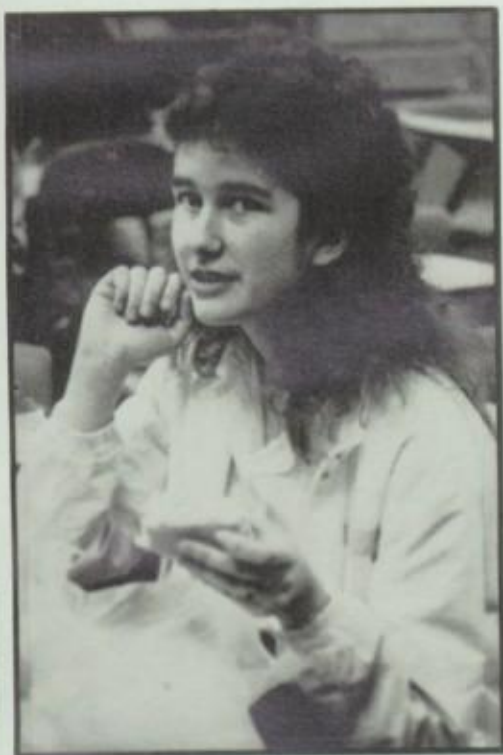

STUDENTS AGAINST DRIVING DRUNK

April Lackey and Mrs. Rumburg discuss S.A.D.D. news with the rest of the members.

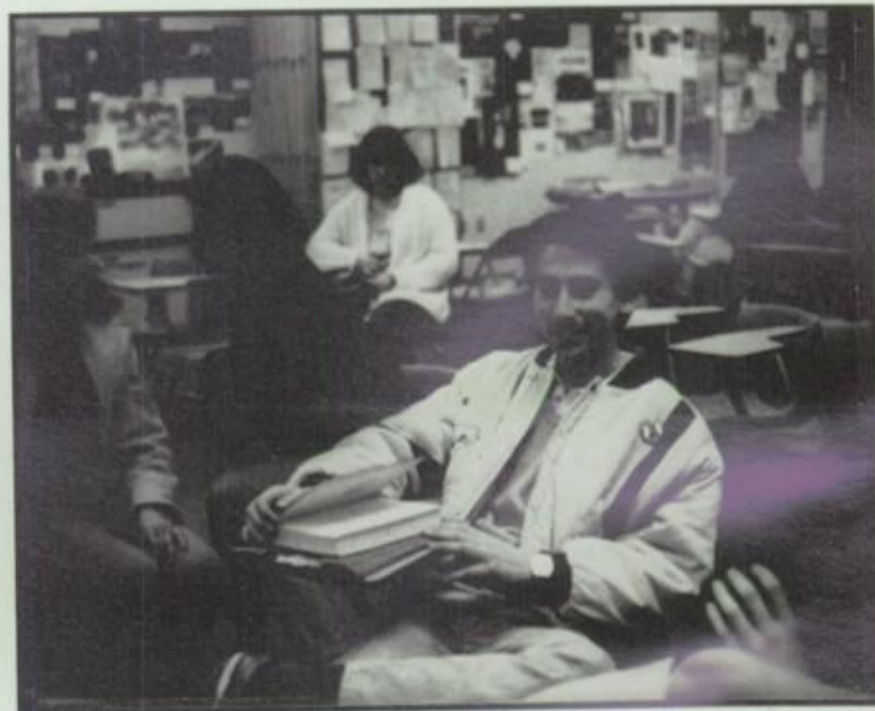

S.A.D.D. (students against driving drunk), a new club at Hayward High has completed a successful year spreading the message against drinking and driving. Mrs. Rumburg acted as parent advisor planning activities and ideas for developing a strong message. Being the first year, the meetings were attended by more than 40 students. Passing out buttons with the S.A.D.D. logo, putting signs around school and the community and an all school rally are just a taste of what the future will hold for this club.

Krista Turpeinen takes a break with her Turkey hero during the S.A.D.D. meeting.

"Me, drink and drive, no way," says Barbara Rumburg and Dan Miranda.

Stuart Firestone relaxes as he always does during the meetings.

The Z.A.P. Club is an arts service club that was started many years ago. Z.A.P. stand for Zany Art People, but all it takes to be in the club is some intrest. Each year the members decorate the front windows at Hayward High. They painted a wonderful Christmas scene that livened up H.H.S. and got us into the spirit of the season. Though the club was small this year, the advisor, Mr. Cook thought it went well.

The Spanish Club is made up of about 25 students. Anyone interested in the Spanish culture can join and not have to be a spanish student. The club had meetings every Tuesday during lunch. They have done a number of things from visiting Spanish restaurants to going to Great America in June. During the Christmas season they had a toy drive in which they donate all the toys to kids whose parents can't afford really nice gifts and they decorated the teachers lounge. They made and sold buttons and had bake sales to raise money for the club. Srta. Jimenez is the advisor of the club and this year's president is Ester Ambriz. The club was quite successful.

REFLECTIONS

"Reflections Staff"

Club Advisor Mrs. Moyer.

Reflections, in their fifth year, is the title of the magazine published by the Literary Magazine Club. In a comment from Club Advisor, Dorcas Moyer "The Reflections Magazine is really growing". Growing they are! Since the first publication, the amount of contributors has doubled. As for the number of pages in the magazine, they have almost tripled.

The material is selected entirely by a student staff. The contributions consist of poetry, prose (short pieces, plays, stories). Black and White drawings and photos.

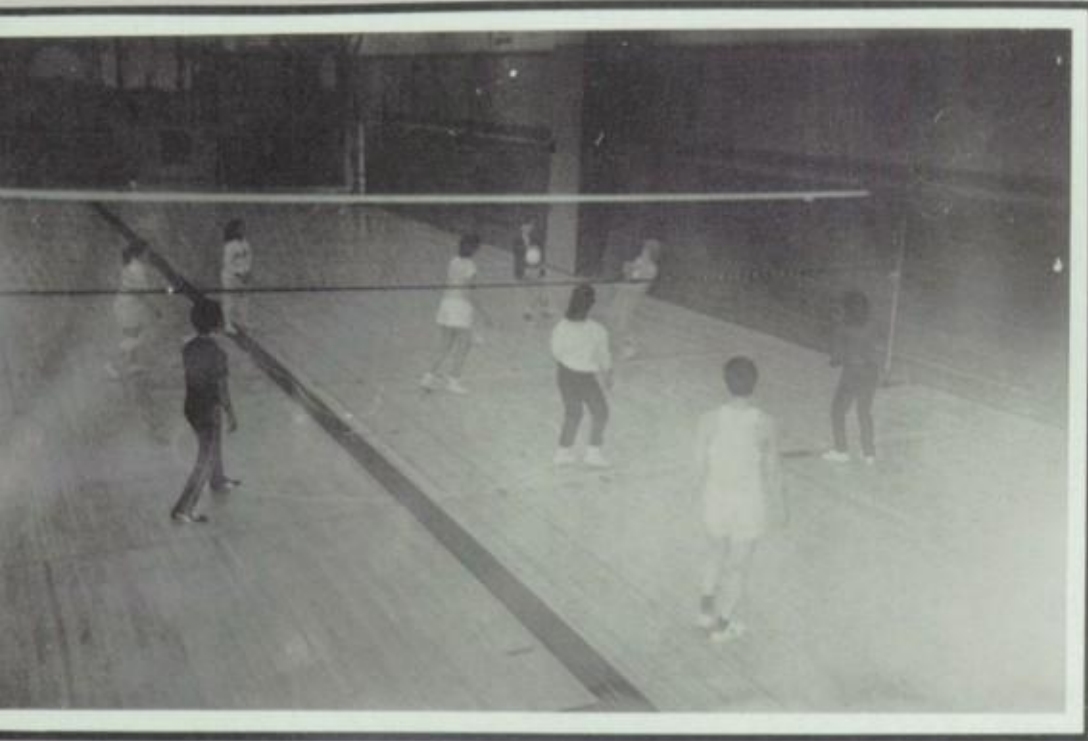

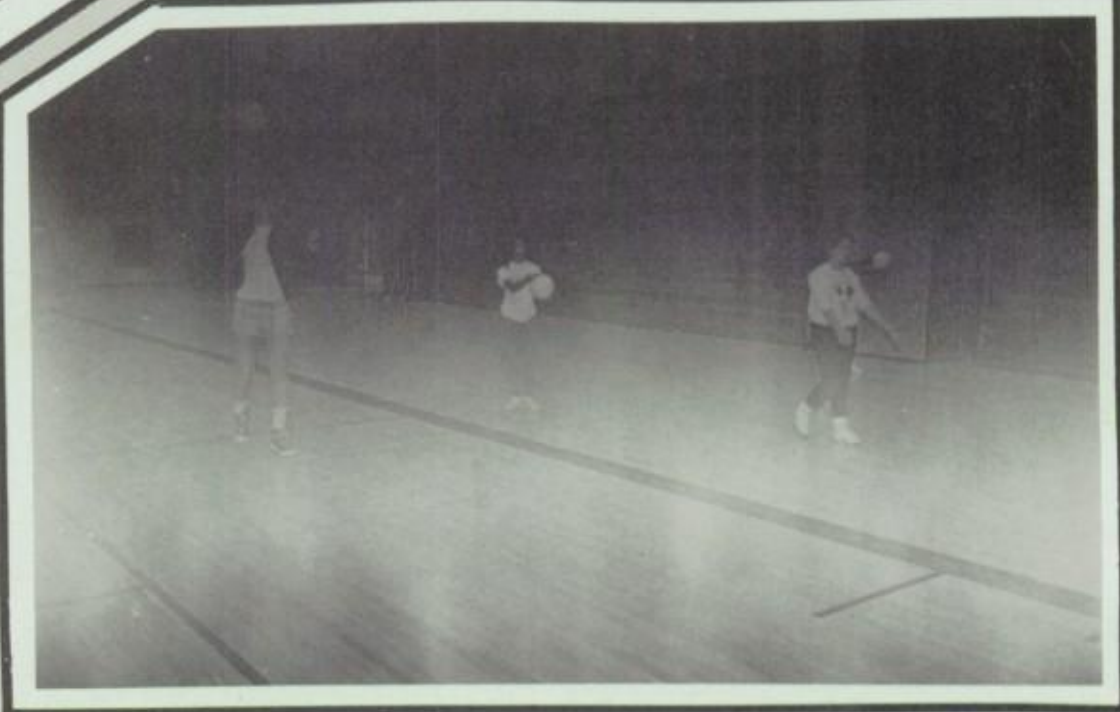

"All grades are represented and we have about forty students this year," said Mrs. Moyer. Meetings are on Monday noon and new people are always welcome.

Volleyball Club

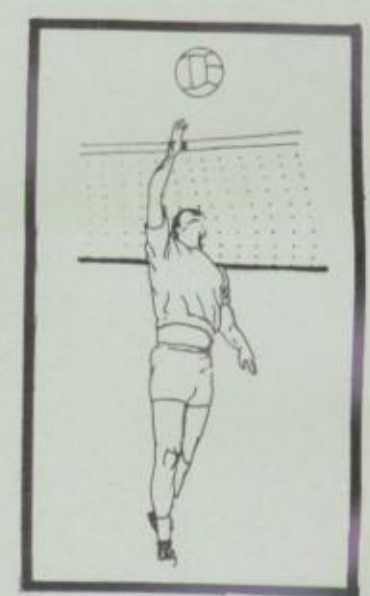

Kiran Goel and Mike Perez discuss newly contributed poems.

A new addition to the club roster is the Volleyball Club. Formed last year, the club has been well accepted by interested students. "During the late winter and spring, the gym is open on Saturday mornings for interested volleyball players" says Dean Sutcliffe, Volleyball Club advisor. The club invites anyone to join who is interested in learning the skills necessary to play legal volleyball.

ADMINISTRATIVE COUNCIL: B. Kershaw, J. Lycett, B. Webster, L. Lloyd, M. Kurth, H. Moffitt.

Do you feel you are talented or do well in school? If so Mrs. Vollick is the person to contact. She is the chairperson of the SCHOLARSHIPS AND AWARDS COMMITTEE. This committee chooses who is qualified for a scholarship of award based on many different criteria. The ingredients to this special committee consist of the administrators, a representative from each subject area, and the counselors. They meet on the second Wednesday of each month, except for May when they meet twice a month. The Scholarships and Awards committee is dedicated and works hard to see that the people who deserve the recognition of a scholarship or an award, get it.

Mr. Moffitt leads the ADMINISTRATIVE COUNCIL. Co-starring are the administrators and student body president, Mette Kurth. They organize school activities such as Downtown Rally. They make decisions on the activities, too. They make sure that students are informed about school and the safety that goes along with it. The Administrative Council meets at least once a week and makes sure students are taken care of.

The CURRICULUM COUNCIL is an organization that makes our school run productively. The council approves new courses and concocts exciting new policies that help us get through the day; i.e. the new detention format. They also play a part in the district office's discussions on how money should be spent within the school. The committee is made up of the Principal and Vice-Principal, the chairperson of each subject, a representative from special education, and a parent. They meet after school, every third Wednesday of the month. Some people may have never heard of the Curriculum Council, but they could tell the difference if the organization wasn't here.

Custodians

Throughout the day, students at Hayward High leave a fair amount of discarded papers, lunches, and wrappings around the campus. May those whose job it is to monitor and collect this trash be praised for maintaining a clean and pleasant atmosphere for education. The custodial arts is not a pleasant business, yet the friendly and competent janitors of Hayward High sure are capable of performing a necessary operation with a great degree of skill.

camera shy

V. Donnelly

There are some members of the faculty which many students never encounter. These friendly individuals are the instructional aides, special teachers who give their help to students on a smaller scale. Some may assist instructors where students under different circumstances require specific help. Those who are helped by them are sure happy with the quality help get.

Our Secretaries

Many people aside from administrators, teachers, and students help to run our school smoothly. The secretarial staff keeps Hayward High School running with their behind the scenes work.

People often forget the patience and hard work it takes to be a secretary. So, next time you see one, show your appreciation and say "hi."

BUSINESS

Many business skills can be learned from Hayward High's business department. There are classes such as keyboarding 1-2 in which the keyboard on the electric typewriter as well as on the Apple 2 Computer is learned. There are also classes in which banking, filing, sales, and many other useful skills are learned.

HISTORY

Hayward High students have the opportunity to learn many different history subjects due to the variety of classes offered. New books and plans for better courses have made classes more informative and interesting. There are Honors Programs in the 11th and 12th grades. History classes include 8th grade U.S. History, 10th grade World History, 11th grade U.S. History, and 12th grade Government. Economics is offered for the first time to seniors in the second semester.

1986 has been a year of great change for the science department at H.H.S.. Science and Technology are affecting our lives more as new discoveries and applications in science are made. The goal of the science department is to assure that education at H.H.S. prepares all students to function well in this new technology society. The science department wants to provide the students with the skills and information they need in order to actively participate in the many decisions that our society must make regarding directions and ethics in the times of rapid change.

The math department represents one of the academic strengths of H.H.S.. Many of the math department members have very strong academic backgrounds and this is apparent in the program. Advanced placements and computer programming are offered as well as a wide variety of general and remedial courses.

FINE ARTS

Whether you "fa la la," recite Shakespeare, or express yourself with your hands, the Fine Arts department offers enough variety of classes that one may easily blow his own horn all the way through high school.

Students interested in either the instrumental or vocal aspects of music find four choirs, three bands, and a piano class to keep themselves occupied. Five classes of drama explore the performing techniques of theater. Individuals who would rather not perform may choose to sculpt, paint, or take photographs from a variety of visual art classes. Headed by Ken Cook, the Fine Arts department offers something for everyone.

Sprechen tu' francais? Often seen greeting students in foreign lingo, the four foreign language teachers at Hayward High expose students to the culture, traditions, and, of course, the languages of either French, German, or Spanish. Headed by Janet Gless, this department gives valuable language background to students who wish to pursue language study after high school. Foreign Language pursuit does not rest at the classroom level. Spanish, French, and German clubs exist extracurricularly.

Industrial Arts Dept.

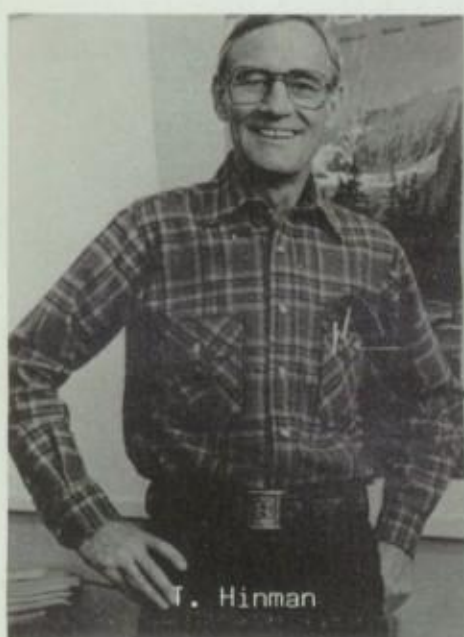

Led by Chairman Jim Russell, the industrial arts department had a great year. Auto Shop, Beginning Industrial arts, Mechanical Drawing and Woodshop are just a few of the fun classes taught down in k-hall. Students learn valuable skills for possible future careers and often have their work displayed.

COOL

P.E. has been an important class associating mind with body. The P.E. classes are very exciting due to their varied types of courses, including weight training, volleyball, football, badminton, and tennis. Other classes are offered so the individual student has a choice in picking his or her sport or activity.

With a well respected staff and a variety of choices, P.E. not only teaches the students the importance of mind and body but also the thrill of competition and they enjoyment of sports.

Special Education

"Helping and caring" is what Hayward High's Special Education department is all about. These teachers work with autistic and disabled students to help them become more independent.

Hayward is the only school in the area to provide a program for hearing impaired students. This gives these students a chance to interact with regular high school classes.

English Department

Without the English Department where would we be?? Led by Chairman Judy Taylor, this department sponsors the all-school Writing Day to prepare students for Reach Testing in January. This years Writing Day proved to be a success as very few students failed. This just goes to show what a great job our English Department does.

Personnel

Joyce Pendleton-Librarian

The support personnel help keep the school organized in many different ways. The librarian, Joyce Pendleton, keeps the library in full order. The work experience coordinator, Reece Harris, helps poeple out with work experience programs;The school nurse, Gail Conley, makes sure everyone's in perfect health, Michelle Sampson keeps the student body sane;Wanda Payton organizes child welfare and Patti Itsumi helps our students with their speech. This is our support personnel.

Our Chefs

If students don't like the cafeteria food then they probably have never eaten the food cooked by the cafeteria staff which is led by Joy Owen. Joy Owen keeps everything in shape around the cafeteria, her job doesn't only call for her to cook but she must also order the food and supplies, balance the books daily, and make sure that each individual lunch meets the U.S. R.D.A. The rest of the staff bakes and cooks for the student body. This makes the school healthy and shop-shape!!

Kris Houglet graduated from Hayward High in 1967. She got straight A's in French, which is what she teaches now. In school she never thought about teaching at H.H.S., "that was the farthest thing from my mind." When she was in high school she "was on the fringes of the rah-rah crowd and of the hippie-surfer crowd." Madame Houglet was also the editor of Haypress. When asked what she remembers most about high school, she replied, "Good friends lots of laughs and dances....and studying!"

"I got a B or two, I think, but generally my english grade fluctuated between C- and C+." says Mike Bennett. He graduated in 1955. Mr. Bennett was rarely involved in social activities but divided his time between basketball and reading. What he remembers most about H.H.S. are "Water pistol fights on Hayday and being cut on the last day of basketball tryouts in my senior year."

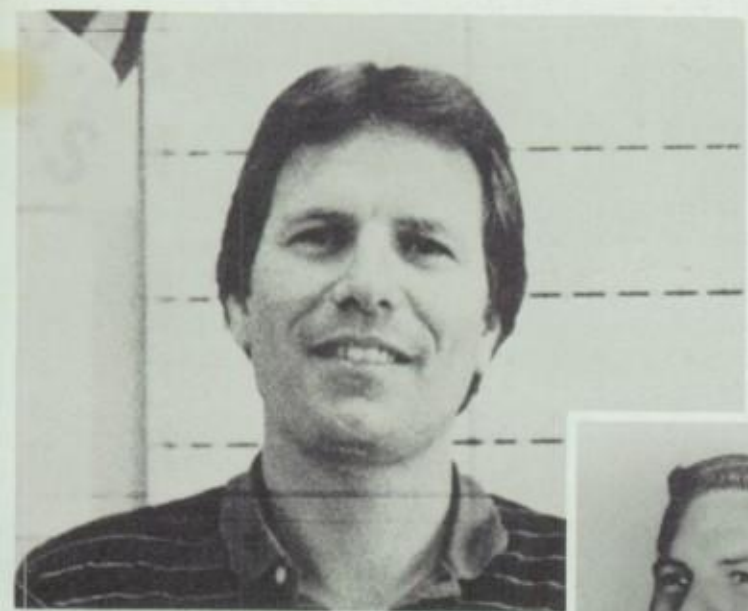

"I earned B's and A's in English while in high school," claims Clair LePell. She's a member of the class of '75. Miss LePell was a Freshmen Songgirl. She was also involved with clubs, the H.H.S. gymnastics team and in the joy in learning program. She remembers her "fine teachers, the trip to Sonora for the Regional Gymnastics Championship, and those sunny afternoons baking on the tennis courts while watching our 'tennis sweeties.'"

"It almost feels as though I'm still in high school," replies Vic Vasut. He's a member of the class of '74. P.E. and Math were his favorite subjects and he had work experience while he was a Senior. "What I remember most about high school was Miss Comb's mini-skirt as a student teacher, WOW!"

Charley Kendall, Guy Sandoval, and Dean Sutcliffe graduated in '63 which was the first class to graduate from the new Hayward High.

"Mr. Sandoval and I go back to when we were 12 years old and raised rabbits in the 4-H club. He's a good guy and somewhat eccentric. Mr. Sutcliffe and I had about 70% or more of our classes together as we were in a special program. He was very much like he is today," says Charley Kendall." Along with Mr. Sandoval and Mr. Sutcliffe he graduated in 1963. Of course, Mr. Kendall was involved in basketball when he was in high school, but he won't admit to his grades.

"I can honestly say that although Kendall and Sutcliffe were in my class, we really didn't like each other much. I might have gotten along with Sutcliffe better if my brother hadn't married his girlfriend (true story)," reveals Guy Sandoval. "I was always jealous of Sutcliffe and Kendall because they were in the more able program and I wasn't. Even now, Sutcliffe kicks intellectual sand in my face in the lunch room." Concerning Mr. Sandoval's social status, "I was a nerd."

"I was riding in a car driven by Mr. Sandoval during a rainstorm. He leaned across my lap and yelled "Merry Christmas" out the window to the shoppers on a busy corner. He was drenching them with water as he drove through the puddle next to the curb," Dean Sutcliffe states. In history, Mr. Sutcliffe received B's and A's. He was involved in sports, student activities and enjoyed being a part of the groups that had the most impact on the school. When asked what he remembered most, about high school, he replied, "Good friends, great events (Downtown Rally, sports championships, etc.), and a few really great teachers."

HAYWARD

then & now

Old H.H.S.

Present
H.H.S.

Hayward High School has had a long and rewarding history since its small beginning on the corner of A and Soto Streets back in 1892. In the early 1920's, a larger campus was planned and constructed. The community boasted a beautiful school second to none in the state and which sat on Foothill Boulevard. The only building still standing is the old gym, which is the present Centennial Hall of Hayward. H.H.S. faced another move to the present day East Avenue site in 1962. We have done some reflecting over Hayward High's past. The student, the faculty, and school grounds - Hayward then and now.....

We asked these teachers who have been at H.H.S. 25 years or more this question:
Who do you think has changed more in the past years at H.H.S. the students or the teachers?

Ms. Baren
H.H.S. 1957

Answer: All of us reflect the times which we came of age. We who have been at H.H.S. for many years have undergone some cosmetic changes, but we remain essentially the same as we were when we came to Hayward in the 50's or the 60's by the same token, it is possible to reorganize the very real changes that have taken place among students. They are different. The 50's students, the 60's students, the 70's students, and now the 80's students each bears the distinguishing marks of the particular age.

Mr. Russell
H.H.S. 1962

Answer: I think the students have changed more than the teachers. Individuality is much more acceptable now than it was in the past. It doesn't seem that they feel they have to look like everybody else.

Mr. Geister
H.H.S. 1957

Answer: The students, quote "They have lack of motivation to participate on class activities and have developed a new vocabulary."

Ms. Freitas **Answer:** Since the early 60's when I started teaching at H.H.S., there have been many changes in both students and teachers. Who has changed the most, students or teachers? It's difficult to say as the changes in one, affected changes in the other and who started changing first is the big question. Back in the "old days", students were less aggressive, respected authority more and had many more rules and regulations to follow. Diplomas were important. Suspensions and disciplinary actions were not taken lightly by students. Spirit was high, especially on Downtown Rally day. Teachers have changed too. Discipline has become a problem, teachers spend a lot of time trying to deal with students who disrupt the classroom. This leaves less teaching time for students who want to learn. Teachers tolerate bad behavior much longer than they did in the early 60's. As we enter the later part of the 80's, it seems that both students and teachers are more relaxed together; a feeling of mutual respect and understanding is evident. Perhaps the changes of the past 25 years have had a positive effect on everyone.

Mr. Hanna
H.H.S. 1957

Answer: There have been many changes in the students over the years. Most of these have revolved around dress and appearance. In the classroom they stay about the same.

Teachers, on the other hand come in with new and changing philosophies that they more or less hang on to throughout their careers. Thus, I see many generations of teachers at H.H.S. and I could talk with almost any of them about education and very shortly be able to figure out approximately when they went to college. Ideas seem to come around full circle just about every 10 years.

'We Mourn
Seven Heroes'

THE SHUTTLE TRAGEDY

Medicine

The discovery of a substance that promotes the growth of blood vessels may lead to new treatments for cancer and heart attacks.

The sacrifice of your loved ones has stirred the soul of our nation and, through the pain, our hearts have been opened to a profound truth: the future is not free, the story of all human progress is one of a struggle against all odds. We learned again that this America, which Abraham Lincoln called the last best hope of man on earth, was built on heroism and noble sacrifice. It was built by men and women like our seven star voyagers, who answered a call beyond duty, who gave more than was expected or required, and who gave it with little thought to worldly reward. . . .

Dick, Mike, Judy, El, Ron, Greg and Christa, your families and your country mourn your passing. We bid you goodbye. We will never forget you. For those who knew you well and loved you, the pain will be deep and enduring. The nation, too, will long feel the loss of her seven sons and daughters, her seven good friends. We can find consolation only in faith, for we know in our hearts that you who flew so high and so proud now make your home beyond the stars, safe in God's promise of eternal life."

'America Is Our Target'

The U.S. Sixth Fleet steamed across the "line of death" last week with the strongest challenge yet to Libyan leader Muammar Kaddafi. The fleet barged into the Gulf of Sidra to keep the sea lanes open and to punish Kaddafi for his sponsorship of international terrorism. When the Libyans opened fire with surface-to-air missiles, American planes and ships fired back, silencing a Libyan battery and sinking at least two Libyan patrol boats. A News-WEEK Poll showed strong support for Ronald Reagan's decision to take on Kaddafi. But the battle isn't over. Kaddafi vowed revenge, and intelli-

gence sources provided News-WEEK with exclusive details of the terrorist campaign that Libya is attempting to mount. "America is our target," said the Palestinian faction run by Abu Nidal, the man blamed for the Christmas massacre in Rome and Vienna. Kaddafi's henchmen belong to a blood-thirsty fraternity whose exploits have changed the world.

The Almanac - a reference of history. As members of the Agrarian Staff, we tried our hardest to give you the 1985-1986 year bound in a cover. We have enjoyed capturing the memories and compiling them in this year's edition.

4th period is unique in room B-5. We are no longer students, even though each one of us learns quite a bit with every layout we submit. Yearbook class becomes a job, with us as employees and contributors, faced with deadlines and the responsibility of creativity and interaction. We are required to work together, rely on others and deal with discrepancies. Of course we yell a great deal and get yelled at in return, and we receive no salary for it either. But our payment is in your hands right now. Part of every member of the staff, his layout and his creativity, is preserved, as 9 months of this year is preserved, in these reference pages - The Farmers Almanac.

Congratulations to Eric Ranelletti!

Oh Eric, how you've filled your days,
We've watched you act and dance in plays.
We've heard you sing a solo,
And we've watched you play the piano.
We've cheered you in the swimming pool,
And we've watched you succeed at school.
Now as you go off for a college education,
We will continue to watch with love and admiration!

Love always, Mom and Dad

RANDY

Dear Randy,

Congratulations on your
 graduation from High School.
 We are very proud of you.
 Remember that this is the
 first step on the ladder of suc-
 cess. May you continue the
 climb with the goals you have
 set for yourself. May god Bless
 you and guide you always.

We are so proud of you, Mich-
 elle, you have been a good
 daughter. You always work so
 hard in whatever you do
 whether it's your studies,
 sports, activities or your job.
 We know you'll continue to do
 so. Wasn't Europe '85 wonder-
 ful? Always walk with the
 Lord.
